Question: 1

Which of the following is an advantage of using VDI for remote workers?

A. Improved collaboration
B. Limited access to applications
C. Decreased network latency
D. Reduced server storage capacity

Answer: A

Explanation:
VDI can improve collaboration among remote workers by providing a consistent user experience and easy access to shared resources.

Question: 2

Which VDI solution is known for its popular virtualization software products like VMware Horizon?

A. Citrix
B. VMware
C. Teradici
D. Microsoft

Answer: B

Explanation:
VMware is known for its popular virtualization software products like VMware Horizon.

Question: 3

What is a key aspect to consider when designing the network infrastructure for a VDI solution?

A. Application software
B. Security protocols
C. Backup procedures
D. Bandwidth requirements

Answer: D

Explanation:
Bandwidth requirements play a vital role in designing the network infrastructure to support the data transfer needs of a VDI environment.

Question: 4

When meeting a customer's scalability requirements for their VDI solution, what is an important consideration in terms of infrastructure?

A. CPU speed
B. Storage capacity
C. RAM size
D. Network bandwidth

Answer: B

Explanation:
Storage capacity is a critical factor when planning for the scalability of a VDI solution as it determines how much data can be stored and accessed.

Question: 5

What are some benefits of using HPE GreenLake for VDI?

A. Decreased security
B. Reduced management complexity
C. Increased upfront expenses
D. Limited scalability

Answer: B

Explanation:
Some benefits of using HPE GreenLake for VDI include reduced management complexity.

Question: 6

Which VDI solution offers the option of using NVIDIA virtual GPU technology for enhanced graphics performance on virtual desktops?

A. Citrix
B. VMware
C. Microsoft
D. Teradici

Answer: B

Explanation:
VMware offers the option of using NVIDIA virtual GPU technology for enhanced graphics performance on virtual desktops.

Question: 7

What is a golden image in the context of VDI?

A. A template for creating virtual desktop environments
B. A server hardware configuration
C. A virtual desktop session that is ready for a user to log in
D. A specialized type of hypervisor

Answer: A

Explanation:
A golden image is a template used for creating consistent virtual desktop environments in a VDI setup.

Question: 8

What company offers the PCoIP protocol for remote desktop solutions in VDI environments?

A. Citrix
B. Microsoft
C. VMware
D. Teradici

Answer: D

Explanation:
Teradici offers the PCoIP protocol for remote desktop solutions in VDI environments.

Question: 9

Which VDI solution is known for its Remote Desktop Services (RDS) providing virtual desktop infrastructure?

A. VMware
B. Microsoft
C. Citrix
D. Teradici

Answer: B

Explanation:
Microsoft is known for its Remote Desktop Services (RDS) providing virtual desktop infrastructure.

Question: 10

What does VDI stand for in the context of virtualization technology?

A. Virtual Desktop Infrastructure
B. Virtual Data Interface
C. Virtual Data Integration
D. Virtual Desktop Implementation

Answer: A

Explanation:
VDI stands for Virtual Desktop Infrastructure, which refers to the technology used to create virtual desktop environments on a centralized server.
