Question: 1

Which of the following best demonstrates internal auditors performing their work with proficiency?

- A. Internal auditors meet with operational management at each phase of the audit process.
- B. Internal auditors adhere to The IIA's Code of Ethics.
- C. Internal auditors work collaboratively with their engagement team.
- D. Internal auditors complete a program of continuing professional development.

Answer: D

Explanation:

- ☐ Proficiency in internal auditing is not only about technical skills but also involves continuous education and staying updated with the latest practices and standards in the field.
- ☐ Option D reflects the commitment to ongoing professional development, ensuring that internal auditors maintain and enhance their proficiency over time.
- ☐ The Institute of Internal Auditors (IIA) emphasizes the importance of continuing professional development as a means to ensure auditors remain competent in their roles

Question: 2

The internal audit activity is responsible for which of the following actions related to an organization's internal controls?

- A. Mitigating risks affecting achievement of organizational objectives.
- B. Enabling opportunities affecting achievement of organizational objectives.
- C. Analyzing and advising regarding costs versus benefits of control activities.
- D. Attesting to fairness of financial statements

Answer: C

Explanation:

- ☐ Internal audit activities include evaluating the effectiveness and efficiency of internal controls, and part of this process involves analyzing and advising on the cost-benefit relationship of control activities.
- ☐ This function helps ensure that the internal controls in place are not only effective in mitigating risks but are also economically justified

Question: 3

A newly appointed chief audit executive (CAE) of a small organization is developing a resource management plan. Which of the following approaches would be most beneficial to help the CAE obtain details of the internal audit activity's collective knowledge, skills, and other competencies?

- A. Review or establish a documented skills assessment of the internal audit staff and gather information from post-audit surveys.
- B. Obtain from the human resources department the job descriptions and position requirements for all internal audit staff.
- C. Conduct an objective written test of the internal audit staff to assess their knowledge and skills related to core internal audit competencies.
- D. Request the internal audit staff to submit a document that summarizes their most recent performance appraisals and post audit reviews.

Answer: A

Explanation:

- ❑ Conducting a documented skills assessment helps in identifying the existing competencies and any gaps within the internal audit team.
- ❑ Post-audit surveys can provide feedback on the performance and areas for improvement, which can be used to further refine the skills and competencies of the audit staff (Ref: [16+source])

Question: 4

Which of the following could increase risks to the organization's control environment?

- A. Strong board of directors oversight.
- B. Incentive-based compensation structures
- C. Lower than average employee turnover.
- D. Implementation of a fraud hotline

Answer: B

Explanation:

- ❑ Incentive-based compensation can increase the risk of unethical behavior or fraudulent activities as employees might be tempted to manipulate results to achieve their performance targets.
- ❑ This could undermine the control environment and lead to significant risks if not managed properly

Question: 5

According to IIA guidance, which of the following describes the primary reason to implement environmental and social safeguards within an organization?

- A. To enable Triple Bottom Line reporting capability.
- B. To facilitate the conduct of risk assessment

-
- C. To achieve and maintain sustainable development.
D. To fulfill regulatory and compliance requirements.

Answer: C

Explanation:

- ☐ Implementing environmental and social safeguards aligns with the broader organizational goal of achieving sustainable development.
- ☐ These safeguards ensure that the organization operates in a manner that is environmentally responsible and socially conscious, which is crucial for long-term sustainability
